

In light of the Covid-19 pandemic, and recommendations of social distancing by all levels of government Victim Services Toronto has chosen to suspend recruitment for new volunteers. We value the passion and dedication individuals have shown us by applying to volunteer during these unsettling times, however in order to ensure the health and safety of our team and the communities we work with, we will not be recruiting for our Fall 2020 session.

We do not have a set date for when recruitment will resume but a further announcement will be made when we will be accepting applications once more. For now, please hold off on submitting your application. If you have submitted an application since February 1st we will ask you to resubmit when recruitment resumes.

This decision was not made lightly. Volunteers are at the heart of our agency and we are working with current volunteers to find ways to utilize their skills and compassion to best serve victims and their families. One way everyone can help is by staying involved!

Join us for #TEARtalk every Thursday from 7pm-8pm on Twitter and Instagram, where our T.E.A.R. Youth Leaders facilitate weekly conversations on topics that matter to them. Add your voice to the conversation, and help us promote healthy relationships, education, and empathy in these difficult times.

Additionally, fundraising continues to be especially important for non-profit organizations throughout the pandemic. You can help support victims by joining us for the 2020 Constantine Yorkville Run.

We thank you all again for your continued support of Victim Services Toronto.

Stay safe, and be well.
